

Level 2 Certificate in
Understanding Behaviour
that Challenges

Qualification facts

About this qualification

This qualification is designed to increase learners' awareness and understanding of behaviour that challenges and its effects.

By completing the qualification, learners will develop in-depth knowledge of behaviour that challenges, which could support progression onto other appropriate qualifications and into relevant employment in the health and social care sector. This qualification would be valuable to learners already working in education and health and social care settings.

There are no specific recommended prior learning requirements for this qualification. However, learners may find it helpful if they've already achieved a Level 1 qualification in healthcare, social care, childcare or supporting learning.

Entry requirements:

Learners should be at least 16 years old. We do not set any other entry requirements but colleges or training providers may have their own guidelines.
