

ATTFE College Learner Newsletter

Issue 4 - Friday 12th November 2021.

KINDNESS MATTERS

ATTFE COLLEGE'S THEMED MONTH FOR NOVEMBER 2021.

Liz Barrett

Principal Update

Dear All

I hope that you are having a good week. It really is noticeable that we are in Autumn. The nights are getting darker earlier, the temperature has dropped and the tree leaves look lovely and colourful.

Have you been following our social media pages? There are some wonderful examples of learners celebrating their achievements with us. Well done to everyone who has successfully achieved a qualification with us. To achieve something like that takes a lot of time, effort, energy and commitment. Any achievement is worth celebrating but especially a qualification.

This weekend, ATTFE College will be joining the Ollerton and Sutton-in-Ashfield Remembrance services. As a learner you would be very welcome to join us. Together it is important that we take time to remember.

I wish you all a lovely weekend.

Simon Martin

Safeguarding Update

Hello Everyone

You will see new safeguarding posters going up around our sites with updated information and 'mugshots' of the Safeguarding Team for recognition. As an instant reminder, the team is:

Designated Safeguarding Lead - Simon Martin (me) - s.martin@attfe.org.uk

Deputy Designated Safeguarding Lead - Rosie Riley - r.riley@attfe.org.uk

Safeguarding Manager - Lisa Chapman - l.chapman@attfe.org.uk

Safeguarding Administrator - Tasha Price.

Staff who are safeguarding trained also wear yellow lanyards so that they can be easily spotted if you have an issue or concern that you would like to raise with them.

We also have our 'I Want To Talk' button on our website so that you can report a safeguarding issue or concern via this route if you prefer.

Many thanks

Simon Martin

Tracey Cranmer

Subject Leader Study Programme Maths & Access to HE Manager

Call out to all GCSE maths learners. Please ensure you login to your Hegarty Maths. Details shown below. Ensure you have entered your school as **Academy Transformation Trust Further Education**. You then need to put in your details

and set a password.

For anyone having problems please let me know asap. I will check next week to see who has registered and who is completing tasks set.

Enter your details

[No, take me to settings](#)

Feedback from tutors has been positive about your engagement in the sessions. One point made is to ensure that you take care when forming your numbers. This will ensure that questions are marked accurately and there is no confusion when your exam papers are being marked.

Thank you for your contribution to sessions and I hope you continue to enjoy them.

Matt Carter

Digital Skills Lead

Digital Wellbeing

Using a phone or mobile device before you go to sleep, can be detrimental to your sleep pattern as these can over simulate the brain, making it harder to switch off and wind down.

There is also some evidence to suggest the 'blue light' from the screen reduces the production of melatonin which aids our sleeping/waking cycle.

Poor sleep, tends to lead to higher levels of anxiety, stress and depression and adds to fatigue.
