

ATTFE College Learner Newsletter

Issue 7 - Friday 14th January 2022.

ATTFE COLLEGE'S THEMED MONTH FOR JANUARY 2022.

Liz Barrett

Principal Update

Dear Learner

I hope that this learner newsletter finds you keeping safe and well. January can often be a 'grey' month and one which needs a bit of sunny cheer to get through. **Takeover Radio 106.9 is a children's radio station** located in Sutton-In-Ashfield which is in part run through ATTFE College. The young radio crew have been researching all

about 'Blue Monday' which takes place this year on the 17th January 2022 and is deemed to be the most depressing day of the year (roll on the 18th January 2022!). To combat the blueness (!) the young radio crew have got a packed show on the 17th January 2022 running 4-6pm where they will share lots of different wellbeing tips and techniques along with uplifting songs to help us all feel better and brighter. Listen in if you can and **if you are interested in finding out more about the radio station either for a young person you know to attend (it is all free) or to become a volunteer then please email Radio Station Manager k.mead@attfe.org.uk to find out more.**

The ATTFE College theme for January 2022 is 'goals and growth'. **What do you want to achieve this month / year?** How can team ATTFE College help you to achieve this? Whether it is from learning new skills, applying for a job or having a chat about different career options then we are here for you. Simply let us know how we can help and support you and we will do our best to do so.

We continue to receive fabulous feedback from learners as to what they have progressed on to once they have completed a course with us. **Knowing a learner's progression and destination is really important to us.** It is also really helpful to have your feedback on your learning experience with us. We use every piece of information / data that we receive to continue to improve the quality of our provision and create stronger learning experience for new learners.

Take care and keep safe.

Simon Martin

Safeguarding Update

Hello Everyone

Welcome back for the Spring Term and we hope that everyone had a good Christmas break.

If you have experienced any difficulties or problems over Christmas that you think we can help with, then please get in touch. We also have access to a wide range of external agencies that can offer specialist help and advice.

You can talk to your tutor or whichever member of staff you feel most comfortable with.

Remember, we also have our 'I Want to Talk' button on our website which gives you the 24/7 option to get in touch.

Many thanks

Simon Martin

Sam Youd

Head of 16-19

Happy New year everyone! I hope you all had a great Christmas and are all raring to go!

It was a very quiet week last week with you all being remote. I hope you all managed to get online and participate? It's really important that you engage with us using the **Microsoft 365 Office** system you have been given. This gives you free access to **Office, Outlook, PowerPoint, Teams** etc. and gives you fantastic practice for when you begin work and using ICT systems. If you can use it during the times you are in college too it will support any transition to remote learning if we need to.

Do you have everything you need for your studies? If you are struggling for text books and resources please let your tutor or me know. We may be able to order equipment through our budgets or your bursary funds.

Michaela is working hard to ensure you all get work experience. Please contact her if you have a placement in mind that you would like to go to and we can see if we can set something up for you.

Don't forget to tell your parents about our social supermarkets in New Ollerton and Sutton. The details are on our Facebook pages. The supermarkets are there to help support families who may need a little boost to help with shopping.

CEIAG Flow Chart 21/22

ATTFE supports all our learners in being able to become the best that they can be. We ensure that everyone has access to the Careers Team and resources, this will mean that you can make informed decisions about your future.

The Careers, Education, Information, Advice and Guidance (CEIAG) Flow Chart is one way that ATTFE ensures that all learners have access to our Careers Team and further careers related resources. We already have careers related displays across our site and tutors work hard to ensure that careers related learning is included in your learning.

We wish you well on your journey.
