ATTFE College's Monthly Theme - December 2022

Liz Barrett OBE

Principal

Dear All

It has been a busy Autumn term at ATTFE College with lots of learning achievements to celebrate. ATTFE College takes a holistic view to learning and is committed to supporting you and your families as much as possible. Always remember that as an ATTFE College learner, you and your families have access to our food pantries, our free winter

meals and access to our warm hub spaces.

Safeguarding Update

Hello Everyone

Christmas is a time of happiness and when families and friends celebrate together.

However, it is also a time of increased expectations and pressures, and also when there tends to be high alcohol consumption and sometimes other substances. This means that it can be a difficult time for some people and support may be needed when the College is basically closed for 2 weeks.

For this reason we have attached a community agency contact sheet so that if you need support during the Christmas break you can access it from these organisations.

Also attached is PowerPoint presentation which suggests ways that you can keep safe over the festive season, when partying and celebrating and so on.

Many thanks to Lisa for both of these.

Happy Christmas to everyone!

Simon Martin

A look back at the week...

Learners in the PoS employability class are setting up a 'fundraising stall' that contributes to our fundraising throughout the year. Come and support us and buy some reindeer food for 50p! We also have Amber's bespoke canvases for sale. Anything you can do to support the learners fundraising initiative, will be greatly appreciated!

How satisfied are you with the information provided in our learner newsletter?
